

Environmental Policy

- It is the policy of Coloursource Limited to provide goods and services within an environmentally sound framework.
- Our policy is to:
- Ensure that our staff and sub contractors all act in accordance with this policy and in compliance with our Environmental Management System.
- Continually strive to improve our environmental performance.
- Maintain a system to detect deviations from our policy, objectives and targets and to respond with the appropriate corrective actions.
- Monitor and where possible to reduce to a minimum the impact of our activities on the local, and general environment.
- Minimise the environmental effects of raw materials sourcing by evaluating the probity of our suppliers and encouraging our customers to select (where available) environmentally responsible materials.
- Minimise waste and the consumption of resources (materials, fuel and energy).
- Foster a sense of responsibility for the environment amongst our staff.
- Ensure all waste generated is, where possible, re-cycled or disposed of responsibly.
- Reduce the environmental effects of new developments through strategic evaluation and planning.
- Advise our customers where appropriate of the best environmental practices associated with the use and disposal of our products.
